

Township Schools Readied For Opening on Sept. 5-11

On September 5, almost 3,000 young people will respond to the call of school bells heralding the reopening of eight schools in Washington Township. On Monday of the following week another 600 students will flock to the other two schools, opening of which has been delayed to allow for completion of yard and roadway construction.

The two Decoto Elementary Schools will open on September 11. The delay was necessary to allow time for completion of yard, water, gas, sewer and roadway facilities at the new school on Whipple Road. At the other side of the township the Warm Springs School reopening was deferred pending completion of repairs.

TAREYTON VILLAGE DELAY DUE TO SEWAGE PROBLEM

Construction of 608 homes in the Tareyton Village subdivision adjoining Decoto has been held up for a month and prospects indicate a further delay of at least three weeks. Reason for the delay has been inability of the Alameda County Planning Commission and the T. R. Bechtel Company, subdividers, to reach an agreement on the method of sewerage of the tract.

This week the Planning Commission devoted meetings Tuesday afternoon and Wednesday evening to studying alternative proposals submitted by the subdividers.

The Bechtel Company's first proposal was to set up a private sewage system, with its own disposal plant, operation of which would be financed by a monthly charge to each householder.

One alternative is to annex the Tareyton Village area to the Decoto Sanitary District. Another alternative is to establish a separate public sanitary district, with special tax assessments levied upon the property to finance the sewerage.

Marvin Sherwin, an official of the Bechtel Company, told The Register this week that the company has sought from the beginning to get the Planning Commission's approval for the private sewer system.

However, the commission has not approved the private plan because of the risk that such a system might not operate with financial success and thus would revert as a burden on the county taxpayers.

Annexation of the subdivision to the Decoto Sanitary District, using Decoto's present sewage treatment plant, is not favored by the Bechtel Company because of the necessity of pumping the sewage.

The third alternative, which is the formation of a new district embracing Tareyton, is a new suggestion presented by the company at Tuesday's meeting of the Planning Commission and, as yet, has not been thoroughly studied by the commission.

Another meeting of the commission on the Tareyton problem will be held Friday, September 8, at the county court house in Oakland.

Problems of street drainage and storm drainage, on which there were differences of opinion between the commission and the company, have been adjusted, according to Sherwin.

If the sewage matter can be settled at the September 8 meeting, he said, construction of the 608 homes may start by September 20 at the earliest.

REQUEST FOR REZONING IN IRVINGTON REJECTED

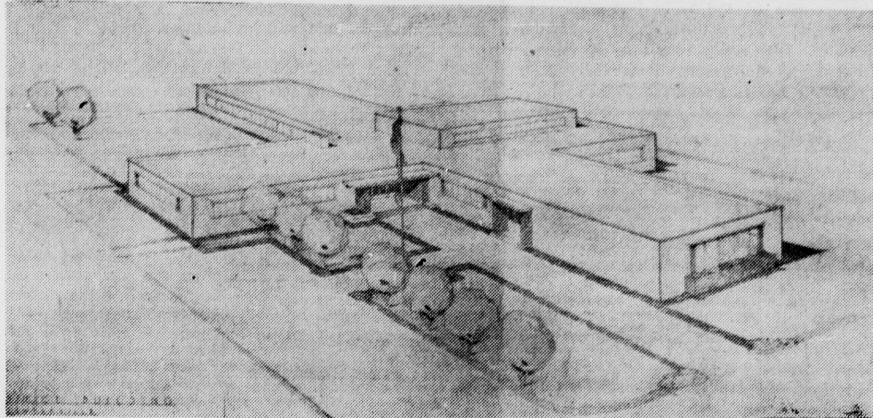

A request that the area zoned commercial in Irvington be extended was turned down by the members of the Alameda County Planning Commission at their meeting in Oakland Tuesday.

The request, filed by Harold Speetzen, was rejected by the commissioners with the statement that they felt that the area now zoned for commercial business was adequate.

STORES WILL CLOSE FOR LABOR DAY

All business establishments throughout Washington Township have notified their customers that they will be closed for observance of Labor Day, Monday, September 4.

Some have announced that they will be closed during Admission Day, Saturday, September 9, also.

WASHINGTON TOWNSHIP'S NEW COUNTY BUILDING . . . Shown above is the architect's sketch of the new county building to be erected on Fremont Avenue midway between Centerville and Niles. The windows of the wing in the right foreground face Fremont Avenue. Parking facilities will be provided in the immediate foreground and behind the building. Construction on the new \$200,000 building is expected to get under way about October 1.

APPROVE PLANS . . . Wallace B. Boggs (left), county surveyor and road commissioner, and Supervisor Chester E. Stanley check final plans of the new building.

TOWNSHIP ASSURED OF NEW \$200,000 COUNTY BUILDING

Construction on the new \$200,000 county building, to be built on Fremont Avenue midway between Centerville and Niles, is expected to get underway about October 1, according to Supervisor Chester E. Stanley.

The new structure has long been discussed and planned for this area and at one time its location here in Washington Township was a controversial issue between three communities. This squabble was settled when Dr. E. M. Grimmer of Irvington donated acreage on Fremont Avenue as the site for the building.

Most recent uncertainty was the threat by one member of the Board of Supervisors to ask that all construction projects be slashed off the 1950-51 budget.

However, the passage of the budget by the board this week, including the \$200,000 earmarked for the branch building, assures the construction of the building here in the township.

The new building will house a sheriff's substation and jail; a justice court to serve both of the courts now operating here; two constables offices; jury room; kitchen facilities; the Centerville branch library; health department and a utility office to be used by the deputy district attorney. Supervisor Stanley, agricultural department representatives, welfare representatives and building permit inspector.

Stanley also revealed that office space would be rented to the Alameda County Water District.

SOFTBALL PLAY-OFF WINNERS TO GET TROPHIES TONIGHT

The Kleines and Wedgewood softball clubs, A and B League play-off champions of the Washington Township Softball Association, will be awarded trophies at special ceremonies and a double-header benefit game to be held at the local field tonight (Friday).

The presentation of trophies will be made by President J. R. (Pete) Nunes to Manuel Vargas, manager of Kleines, and Tony Rivers, the Wedgewood manager.

President Nunes announced yesterday that four clubs have donated their services as a benefit for the Association to help it meet its obligations. Also donating their services will be umpires Frank Mayer and Clarence Soito.

Nunes said that the Association has had a difficult time meeting expenses this season and the benefit game was deemed necessary as a means of helping defray the cost of operation.

The opening game will give local fans one more opportunity to see American Forge and Wedgewood in action this season. They are the two teams that went the full five games of the play-off in a battle for the trophy.

The nightcap will be a battle between two powerful clubs — Kleines and Rodriguezes Market of San Jose. At the last meeting of these clubs the San Jose lads were victorious and the Kleinesmen are out after revenge.

Disaster Plan Mapped By Township Group

A mass meeting for a discussion of the preparation of Washington Township in the event of a major war attack may be called by mid-September as the result of action taken Wednesday evening by the members of the Washington Township Chamber of Commerce.

The group, meeting at the Justice Court in Niles, voted sponsorship of such a meeting and instructed its executive secretary, Harold Speetzen, to invite Brig. Gen. B. G. Chynoweth, county defense director, to be present to instruct the residents of this area on a preparedness program.

OUTLINES NEEDS

Frank Madruga, deputy state fire marshal and assistant fire chief of the Centerville Fire Department, was a guest speaker at the Chamber meeting here Wednesday. He outlined briefly the report made by General Chynoweth at the meeting of fire chiefs at the district attorney's office in Oakland last week.

In that report General Chynoweth stated that Alameda County is almost completely unprepared for a major war attack. He recommended prompt action to create a minimum defense program needed to serve as a stop-gap until the long-range state and national plans may be developed and put into execution.

The training of auxiliary firemen, police, medical and first aid personnel, transportation corps, communication, evacuation and decentralization of facilities were the major steps that the general deemed the minimum essential.

MAKE RECOMMENDATIONS

In a discussion of this area's problems, the Chamber representatives pointed out that in the event of such a disaster evacuation of city residents through this area would present a major problem.

Faced with such a problem, the members were in accord that the completion of the Eastshore Freeway, the establishment of toll-free bridges and the addition of more highway patrolmen to this area were of primary immediate importance.

Letters were ordered sent to this area's representatives in Sacramento requesting that legislation be speeded on these three projects.

SEEK OFFICE SPACE

The Chamber members voted to attempt to seek office space in Centerville for the executive secretary and President Dallas Paul named E. A. Quaresma, A. E. Alameda and Paul Gyax to a committee to attempt to find an adequate facility.

Secretary Speetzen read a letter from a candy manufacturing firm desiring to locate in this vicinity if a suitable building can be located. A survey of possible available buildings will be made.

The next meeting of the group will be held on September 27 at the Decoto fire hall at 8:15 p.m.

NILES BOARD SETS ELECTION DATE

A special election to determine whether Niles School District bonds amounting to \$33,000 should be issued and sold will be held on October 5, according to H. L. Scott, clerk of the school board.

Approval of the issue will permit the money to be spent for purchasing lots on which to build the new school, building or purchasing school buildings, making alterations or additions, supplying the school building with furniture and apparatus, and improving the grounds.

LOCAL BALL FANS AT 'NILES NIGHT'

"Niles Night" at the Oakland baseball park brought out about 200 baseball fans from Niles, to witness the game between the Oaks and the Seals, Thursday.

Tony Maria of Niles, who supervised the affair, had arranged for a complete section in the stadium to be reserved for Niles fans. Those who attended last night agreed that the enthusiasm concentrated in the Niles section was reminiscent of the cheering section at a college football game. All were in accord that "we must do it again."

BASIC COUNTY TAX RATE OF \$2.04 APPEARS CERTAIN

A basic county tax rate of \$2.04 on \$100 assessed valuation appeared a certainty this week with the adoption Tuesday by the Alameda County Board of Supervisors of a \$49,928,753 budget for the fiscal year 1950-51.

Although adopting the budget Tuesday, the supervisors had yet to meet Thursday to set the definite tax rate.

The new tax rate represents an increase of 16 cents over the \$1.88 county basic tax rate of last fiscal year. Stacked atop this basic county rate will be special district taxes, such as schools, fire, water, sewer, and hospital, which results in the final tax bill for the property owners.

State law requires that the county tax rate, based on every \$100 of assessed valuation, be enacted by September 1. County Auditor Eugene Waring said that the budget figure approved yesterday means \$2.04 per \$100 valuation but that may vary a few mills.

The tentative budget drawn up by the supervisors on August 10 was \$51,481,126, however an economy slash of \$1,552,373 cut the budget under the \$50,000,000 mark.

With the resultant cut in projects the county must raise \$12,995,587 from real property and \$1,120,272 from the unsecured, or personal property roll, making a total county tax bill of \$14,115,859. The remainder of the \$50,000,000 budget will come from anticipated revenues and federal and state subventions.

Included in the newly adopted budget was \$200,000 for a county building between Centerville and Niles and an outlay of \$170,000 for improvement of the Alvarado-Niles Road.

S.P.R.S.I. TO NAME DEDICATORY GROUP

A committee to assist with the ceremonies at the dedication of the children's chapel in Warm Springs will be named at the regular meeting of the SPRSI in the Warm Springs Grammar School auditorium September 2.

Dedication of the chapel, which is adjacent to the school, will take place soon after its construction is completed, according to Mrs. Emily Bettencourt, president of SPRSI Council No. 84.

HEALTHY CHILDREN BETTER IN SCHOOL

"Are your children ready for school?" asks Dr. James C. Malcolm, county health officer. With the opening of school just a few days away, Dr. Malcolm points out that healthy children learn better, and that healthy children need protection to help them stay healthy.

Dr. Malcolm offers these pointers to parents:

1. Before school opens, see that each child who will be entering school for the first time has a thorough physical examination by the family doctor.
2. Up-to-date immunizations and vaccination protection for all children under eleven years of age is important. This means at least one series of three injections and at least two additional boosters.
3. A trip to the dentist is suggested for children who have not had a recent examination or when tooth decay is suspected.
4. Eye checkups are advisable. Glasses may need to be changed, or new glasses ordered, if the child is to see his best in school.
5. For the many children who had ringworms of the scalp last spring a recheck before the opening of school is required. This may be done by your family doctor or the public health nurse.

LOCAL EXHIBITS AT STATE FAIR

Friday, September 1, has been designated Alameda County Day at the California State Fair and many local industries and growers will participate with displays in both the agricultural building and Hall of Flowers.

Township participants include Kraft-Company of Niles, Morton Salt Company and Leslie Salt Company of Newark, R. E. Weibel and

son and Mrs. Ann Mayock of Mission San Jose with wine and champagne displays.

In the Hall of Flowers more than a dozen county growers will enter cut flowers in competition.

On Alameda County Day a delegation of public officials and civic leaders will be guests of the Fair management. The county group will be accompanied by Rear Admiral Murrey Royer, commanding officer of the U. S. Naval Supply Base in Oakland.

NILES WOMAN WINS HONORS FROM LODGE

Mrs. Marjorie Hazel of Niles had the distinct honor last week of being selected as the only candidate for membership in the Order of Pocahontas in the state, to go through the complete initiatory ritual held at the state convention in San Jose last week.

Mrs. Hazel was initiated as a member of Klatawa Council of Niles, and was escorted by the Pocahontas of the Klatawa Council, Beth Andrus, and by Klatawa's keeper of the wampum, Katherine Eacret.

The Pocahontas convention was held jointly with that of the Redmen of California.

Mrs. Hazel, who was presented her pin by the Great Past Pocahontas, attended most of the functions at the three-day convention, including the installation of state officers and the grand ball.

NOT IN THE PLANS... R. J. Wright (right), chairman of the Alameda County Planning Commission, surveys a "project" at the Irvington business center intersection which was never filed with the county board. It all came about last week when a truck loaded with boxes of dried apricots rounded the corner and deposited a gooey share of its load along the highway. Volunteer workers quickly came to the aid of the trucker and helped clean up the mess.

Their daughter, Lorraine, returned to St. Joseph's College in San Francisco this week after a perfect vacation.

The going got too rough for the mule. With the big load, the mule lost his footing and he and Chet made a perfect three-point landing about 75 feet down the gulch. Ferrell went to the rescue and the hunt proceeded. Very little damage was done. They reported to work Monday without venison for lunch. Better luck next time.

DOUBLE RING CEREMONY SUNDAY FOR ELAINE LEWIS AND ROBERT DUTRA

Elaine Lewis and Robert Dutra exchanged wedding vows on Sunday, August 27, with a double ring ceremony at the Holy Ghost Church in Centerville, with Father Charles O'Connor officiating.

The bride, given in marriage by her father, Mr. Fred Lewis, wore a gown of nylon tulle and chantilly lace over satin. Her finger-tip veil was held in place with a beaded crown and she carried a shower bouquet of white orchids and stephanotis.

Mrs. Adilene Cardoza and her daughter, Jeanie, both in blue taffeta, assumed the roles of matron-of-honor and flower girl, respectively. The bridesmaids, Bess King, Bernadine Francis and Adel George, were in yellow taffeta. Shower bouquets of rubrum lillies were carried by the attendants. On their heads were tiaras of flowers matching their bouquets.

White flowers decorated the altar of the church and nosegays decked the pew ends.

Mrs. Helen Lewis, mother of the bride, was attired in a plum colored velvet gown with accessories in a lighter shade.

Mrs. Manuel Dutra, mother of the groom, wore a gown in a watermelon shade with black accessories.

At the organ was Mrs. Inez Silva, accompanying Robert Lizarzo, vocalist.

Best man for the ceremony was Clarence Dutra, brother of the groom, and Johnny Lewis, Bill Enos and James George, ushers.

A reception followed at the Lewis residence for the bridal party and the guests.

Newark Man Returns From Pack-In Trip

Mr. Arthur Haley of Newark returned home Wednesday evening after a very enjoyable fishing and sight-seeing trip at Miller's Meadows, above Bass Lake. He left here on Friday, Aug. 18, in the company of Bill Anderson of Millbrae. They went to Strathmore, and were joined there by Jim Taylor and Eldon Taylor. At Miller's Meadows they fished and hunted, and packed back in for 30 miles. Mr. Haley, who owns a ranch at Newark, said he really enjoyed himself on the trip, and never felt better in his life than after his outing in the mountains.

POSTMASTERS HONOR RETIRING MEMBER

The Alameda County Postmasters Association met on Wednesday evening at Zerikotes Lake Merritt dining room and celebrated "Bill McKinnon Night." Postmaster Stephen Graham of Oakland was host along with his charming wife.

The evening was a very special one as it was Postmaster William McKinnon's last official meeting with the group. He had been postmaster of Livermore for the past 16 years, and had reached the age of retirement. Postmaster Ford Samuel of Alameda was toastmaster, while President Postmaster George Perry conducted the business meeting, later turning it over to host Postmaster Graham.

The evening was spent in eating good food, each postmaster making some comment to Bill and the presentation of a reading lamp to him. Favors were given each postmaster at the beginning of the evening. McKinnon was made an honorary life member of the Association.

The next meeting of the association will take place at the Oaks Ball Park where "Take Me Out to the Ball Game" will be sung.

Two Women from Brazil Visiting in Niles

This week two women came into the Niles post office. Unable to speak English, having arrived only recently from Brazil, they were overcome with delight to find that Postmaster Edward Enos could converse with them in their own language, Portuguese.

Through Mr. Enos, the following information from these interesting visitors was obtained:

Mrs. Amelia Rovai, Sao Paulo, Brazil, who operated and managed the Maria-Tereza Hotel in Sao Paulo, is visiting with her brother, Joseph Paponi, of Vallejo Street, Niles. It is the first time in 30 years that she has seen her brother. Having recently retired from business, she has been spending her time traveling in Portugal, Italy and France. She and her brother were born in Italy, but she left home as a young lady and settled in Brazil.

Mrs. Rovai is accompanied by a friend, Mrs. Linda Pardini, who was born and reared in Sao Paulo, and attended the university there. She speaks fluently in Portuguese and her diction is perfect. She operates a home shopping business which differs from our home shopper in that the orders are taken at her home and she, in turn, visits the many stores in Sao Paulo to make the purchases for her customers.

Both women left home by plane, flew to Peru, Texas, and San Francisco, all in 33 hours. They are unable to understand why North Americans do not travel more than they do in South America.

Over the week-end they were driven by Joseph Paponi's sister of San Francisco to Manteca and Stockton, where they visited with other distant relatives. They were fascinated by the large size of the ranches and the many mechanical devices. "Never before had we seen a cow milked by a mechanical contraption," said Mrs. Pardini.

175 SO. MAIN CENTERVILLE

Outside of bus schedules, which I absolutely can't comprehend at all, nothing throws me for a loss so much as a public telephone.

I find that I am not alone in this feeling. Other people, too, go all to pieces when they find themselves in a public phone booth. Not because of the close atmosphere—although this naturally bothers some people—but because of the complicated directions.

"DO NOT DEPOSIT COIN BEFORE DIALING" is the warning that confronts you as you face the forbidding instrument.

After I have carefully digested this piece of information and have refrained from squandering my nickel in an abandoned fashion without due forethought, I read on to where it says, "Listen for the dial tone."

I listen. Then I have a funny feeling. Is this or isn't this funny hum the dial tone, and if not, what IS the dial tone?

After I have decided that it IS the dial tone. I have the impulse again to hurl my nickel. After all, ten minutes have gone by now, and nothing — absolutely nothing — has happened. Something obviously, has to get started, or I never will get to talk to the person for whom I am going through this ordeal.

But again I refrain from dropping in my nickel which I am clutching now as though it were all that stood between me and starvation.

Then I go on to rule No. 2 which says, "Dial Number Wanted." By this time I am in such a frenzy that I have forgotten the number and have to go through the telephone book again, which naturally means that I have to start these whole grim proceedings all over again.

Eventually I get down to Rule No. 3 again, which says, "When called number answers you will again hear dial tone. Then deposit coin promptly."

I drop the nickel in like a hot rock, then experience a few seconds of agony, realizing that I have not waited for the dial tone.

I go on to Rule No. 4, which, I hope, will get me out of this mess. But things grow progressively worse. Rule No. 4 says, TO MAKE ANY OTHER CALL:

1. Do not deposit coin until Operator Asks for it.

So there I am. What, I wonder in desperation, is "any other call?" My nickel is now gone. I am stranded here in this tiny phone booth, and I am beginning to get claustrophobia, or, to translate from the Greek or Latin, a funny feeling that I can't breathe in this humid close atmosphere. Maybe I will die of suffocation!

But I go on bravely to the next

Return from South

Mrs. Marian Pine and Mrs. Addie Faria of Niles have returned after a week spent at Santa Barbara, Pismo Beach, and Santa Cruz. They had expected hot weather in the south, but found the weather so cool that their extra sweaters were used to good advantage. Prior to that, Mrs. Pine had spent a week in Catalina.

Return Home

Charlene and Donna May Fournier have returned to their home in Hayward after spending a week with their grandmother, Mrs. Fred Stearns of Niles.

In Washington

Four Niles families—the F. E. Diases, the Romeo Brunellis, the L. A. Solons and the Jack Geibs—are having a wonderful three weeks vacation up at a fishing resort at Packwood, Wash.

and last command, which, frankly, is the one that should have been at the beginning. It says, "Dial 'O' for Operator."

I do this. I experience quite a shock when I hear a voice at the other end saying, "Number, please."

You guessed it! The shock is too much for me. I have again forgotten the number. By the time I have found the number again, she is gone.

Frankly, I wonder why people ever made such a fuss over Alexander Graham Bell.

FOR THE T.B.M.'s

Mrs. Hirsch Arrives Home from Abroad

Mrs. E. H. Hirsch of Irvington has just returned from a two and one-half months' pilgrimage to Rome. She is one of 24 from the vicinity of San Francisco who made the trip to the Vatican City where they were granted an audience with the pope.

After flying to Europe, the group toured 11 countries, including Portugal, Spain, France, Germany, Austria, Switzerland, Italy, Belgium, Holland, England and Ireland.

Seeing the pope was the highlight of the trip for Mrs. Hirsch. Her group spent five and one-half days in Paris, which the Irvington lady enjoyed very much.

She commented upon the beauty of the countryside in both Switzerland and Ireland. It is interesting to note that, with the exception of Portugal, these countries are the only ones not recently devastated by war.

The sojourners arrived in England the same day that the baby princess arrived there—August 15. While in London they witnessed the world famous changing of the formal guard at Buckingham Palace, which impressed Mrs. Hirsch greatly.

The pilgrims departed from Ireland by air. Mrs. Hirsch arrived home early this week.

The romance of the engaged pair began when they were both students at Washington High. Cathy also attended Heald's Business College in San Jose.

The Flying Horse gas company were Saturday picnickers at Linda Vista Park, while on Sunday the Poultry Producers enjoyed a full day with picnic lunches, games, dancing and ball games.

TO LOOMIS

Mr. and Mrs. Ed Chambers motored to Loomis over the week-end to visit Mr. and Mrs. Tom Chambers and bring home Beverly and Ronnie Chambers. Bev has spent the summer there with her paternal grandparents and Ronnie went up a couple of weeks ago for his vacation on the ranch.

PROUD GRANDPARENTS

Imagine how proud Grandad and Grandmother Bert McIvor (does it seem funny to be called that) are these days let alone Aunt Mary Ann, for Mr. and Mrs. Robert McIvor of Centerville presented the family with a darling little girl on August 26, weighing 8 pounds and having the adorable name of Karen Lynn. Mrs. McIvor is the former Pauline Nickas of Niles. This is the first grandchild.

IN PORTLAND

Mrs. Hilda Boitano and son and daughter are spending a couple of weeks in Portland, Oregon, with her relatives and friends. Mr. Boitano, who is in the midst of building their new home on the hill south of town, could not go, but plans to next year.

ENTERTAINING RELATIVES

Mr. and Mrs. D. L. Litchfield, who just recently completed their home on part of the Huddleson Ranch, are entertaining their daughter and grandsons from the southern part of the state.

RECUPERATING

Mrs. Sally Souza is recovering nicely at her home on Bryant Street following a tonsilectomy which took place last week-end. We grown-ups wish we were kids again so we could get over a little thing like tonsils quickly instead of taking weeks to recover.

RENO BOUND

Joe dared me to do this, folks, so here goes. Mrs. Helen Santos has left the Mission to go to Reno, so he says, for a divorce. Am I glad he is only joking for Mom Santos and Joe have been happily married for many long years, raised a big family and now lots

of grandchildren, and it is about time she took off to play a while at Reno if she likes, along with daughter Elva and Pete Brayovich and granddaughter Midge. See, I was only fooling and I do hope she has a grand and glorious holiday wherever she went.

TO WRIGHT'S LAKE

Mr. and Mrs. Donald Hays of Sunol (the former Roe Garcia, clerk at Mission post office) and their son, Stanley, motored to Wright's Lake near Fred's Place on the road to Tahos on Monday to spend a couple of days with other friends vacationing there.

MAJOR OPERATION

We are glad to hear that Aldina Garcia, who underwent a major operation last week at the San Jose Hospital, is going to be home the end of this week if all goes as well as it has so far. Daughter Lorene is staying at Grandpa and Grandma Azevedas.

AT SANTA CRUZ

Yes I forgot it last week till too late for publication, but our librarian, Mrs. Rose Recend, deserted home and fireside last Friday and spent the week-end at Santa Cruz with her sister, Mrs. Hassler of Oakland. "Red" Hassler and family of Mt. Diablo motored down to Santa Cruz and brought his mother home.

CHOSEN BY 4-H CLUB

Richard "Butch" Vargas, son of Frank and Irma Vargas, has been chosen to represent the Mission Elementary School at the 4-H Club Convention in Davis this week. So on Wednesday "Butch" and his folks, accompanied by the Warm Springs school representative, Harry Avila, motored to Davis. Mr. and Mrs. Vargas will visit in Sacramento at the home of Irma's sister, Mr. and Mrs. Hardy Burt and daughter, Katharine. They will be back in time for the big parade on Friday. Then on home.

It is hoped that there will be even more boys and girls interested in 4-H this coming school year so we can have a larger attendance and do more really worth while things, in a greater scale than last year. All the leaders of this group from the Mission are to be congratulated for their interest in the future of the boys and girls and any one interested in helping this fall can contact the schools as soon as it is opened for the fall season.

CALAMITY STRIKES

Calamity struck at the Thompson home on the Mission Hereford Ranch last Wednesday afternoon, for while Tommy Thompson and his little house guest, Terry Burns of Eagle Rock, were playing cops and robbers or some kid game, Terry tumbled from a tree and broke his elbow. He is now in a cast which he will have to wear for some time. His mother and dad, Mr. and Mrs. Charles

CENTRAL BANK REACHES NEW HIGH IN DEPOSITS

In the past six months, Central Bank has advanced from 151st place among the largest banks in the United States to 137th place, according to the official compilation released by the American Banker, daily newspaper published in New York. This is the highest rank it has ever held.

Deposits as of June 30 this year stood at \$128,001,958.32 compared with \$124,739,485.18 last December and \$115,322,157.45 as of June 30, 1949.

Lucero, arrived over the week-end to make him a bit happier, but who could be happier in spite of the break for he plays he is a big general who was shot by Geronimo, the Indian, and Thompy is a soldier who takes orders from him. He may be well enough to go home this week-end on an airplane with Charles if the doctor releases him. We'll all miss him, especially the Thompsons.

TO MONTEREY

Mr. and Mrs. Joe Semas motored to Monterey for a day's outing last Friday. They are the owners of "Helen's Fountain." Mrs. Molly Steele and Miss Jean Neeley dished out the hamburgers and fountain drinks while they were away.

HOPE HE STAYS

Lester Semas, grandson of Mrs. Florence Mederos, has been making his home here with her while the cannery season was on, but now that it is over he will spend a few days in San Jose with his mother, Mrs. Herman Beil, and the rest of the family. I hope he is still going to go to our Washington High here for we will miss him if he doesn't.

SUNDAY GUESTS

Mr. and Mrs. Walter McGinnley of San Jose and daughter, Rosinor, spent Sunday here at the home of Mrs. McGinnley's sister, Mr. and Mrs. Roscoe Whiteside.

HOME ACCIDENT

Hey Mac. What is the matter with you? I think we will put you in a glass house with big signs saying "Do Not Touch." for every so often you have to have a home accident. Got insurance? You'd better have. This time it was a can of Crisco (I think) which fell on Mrs. Havenna McNemar's toe, smashing it so that she cannot wear her shoe. Last week it was another dislocated bone. Please try to skip any more trouble.

FIREMEN'S BARBECUE

The firemen held their annual barbecue at Linda Vista Park on Tuesday evening with everyone enjoying the luscious big steaks, beans, corn on the cob, cold drinks and coffee. Chef for the evening was Frank Vargas and his assistants. The commissioners were also present.

Say you saw it in The Register.

STORE BUILDING STARTS AT NEWARK

Construction on a new building, a portion of which will house the O'Mara Home Furnishings Store, was started on Thornton Avenue in Newark this week.

Edward Mara, owner of the store, is having the building constructed by L. M. Potts, Newark contractor, adjacent to the Newark Pharmacy.

The new building will have a 60-foot all-glass front of modern design. Mara said this week that one 15 by 20-foot section of the building would be partitioned for a separate business. The building will have 3,000 square feet of floor space.

LOCAL GIRLS TO MODEL AT BENEFIT

Nancy Lloyd and Mitzi Zeisse, Washington High girls, are among 92 models now rehearsing for the big 'teen fashion show the branches of Children's Hospital of the East Bay are giving in Hotel Claremont September 30.

The gala show will begin with the serving of dessert at 1:30 p.m., the models then trekking down the runways to show modes of every hour of a busy girl's life.

Plans call for all the "trimmings" usually associated with the hospital's adult shows (there will be one at the Claremont on September 19), including a "name" orchestra and entertainers, commentators, gay programs and prizes.

Mrs. George Conwell of Oakland, general chairman of the event, has asked Mrs. E. Dixon Bristow of Niles to handle publicity and ticket sales among the young set members in this area.

Tickets are also being sold by Toyon Branch members. The price is \$1.50, including tax.

COMMUNITY CHEST GOAL OF \$7,525

The officers of the Washington Township Community Chest met at the Justice Court in Centerville on Monday evening and approved a budget of \$7,525 as the goal for this year's campaign, which will open on September 25.

The funds which the volunteer solicitors will be asked to raise here during the 1950 campaign represent an increase of \$1,485 over the \$6,040 goal set up by the chest officers last year.

Warren Gravestock, president, reported that the increase was due on the most part to the increased activity and number of Boy Scout and Girl Scout troops in Washington Township during the past year.

Other organizations which will benefit from the funds raised here are: Salvation Army, \$1,000; Newark Youth Center, \$200; Alvarado Mothers Club, \$150; Irvington Youth Center, \$250; Travelers Aid, \$100; Associated Services, \$155; and administration, \$600.

TOWNSHIP SCHOOLS

(Continued from page 1)

will reopen on September 5. Maffey expects an increase of about 20 pupils over the 240 enrollment of last year, and has hired three new teachers to replace those who left last June. He also said that the cafeteria will serve lunches beginning Wednesday.

The new teachers are: Miss Louise Thomas, kindergarten; Miss Vivienne Poole, first grade; and Mrs. Farris Huff, fifth grade.

DECOTO

District Superintendent L. W. Musick has announced the names of seven new teachers and a stenographer at the Decoto Elementary Schools, the reopening of which has been delayed until September 11.

Musick also said that all kindergarten pupils will register at the old school on Sixth and H Streets, although one kindergarten class will be conducted at the new school.

The lower grades, including kindergarten, first, second, third, and a class for fourth and fifth graders who live south of Railroad Avenue, will be at the old school, while the others will be conducted at the new school, Musick said.

The new teachers and the grades they will teach are: Baryl Hulse, fourth; Niva Edwards, second; James Grillo, seventh; Emma Kennerley, fourth; Priscilla McIntire, sixth; Rosanne Norris, first, and Fay Sponseller, eighth.

Maxine Weisenbacher is the new stenographer.

NEWARK

Expecting an increase of 20 over last year's enrollment of 320, Principal J. I. MacGregor announced Tuesday that the Newark Grammar School will double kindergarten classes, having morning and afternoon sessions, and add another third grade section.

Although the school will reopen September 5, for the fall session, its cafeteria will not open until September 7, giving the staff two days in which to prepare for serving lunches.

Three new teachers have been added to the faculty, MacGregor said. They are: Mr. E. D. Maughn, sixth grade teacher who will assist Bernard Callory in teaching instrumental music; Mr. Paul Powers, seventh grade; and Mrs. Hoffman, who will teach the new third grade section.

WARM SPRINGS

The fall re-opening of the Warm Springs Grammar School will be postponed until September 11, Principal Isabel Mosley announced Tuesday. She said the reason for the delay is that workmen need an additional week to complete the job of regrading and surfacing the school yard.

Miss Mosley also announced that a new teacher, Mrs. Goddard, will replace Mrs. Virginia Nietd who resigned. Mrs. Goddard will teach the primary grades and the music classes.

NILES

Three new teachers will greet pupils at the Niles Grammar School when it reopens September 5, according to Principal E. D. Bristow.

The teachers are: Charlotte Sanford, who will teach the sixth grade and folk dancing classes; Mary Virginia Bristow, who will instruct all grades and also vocal music throughout all grades; and Richard Conway, seventh grade teacher, who will also instruct physical education classes.

Principal Bristow said that there may be a slight increase in the fall enrollment, but he does not know how many more than last year's enrollment of 532 will begin classes next Tuesday.

IRVINGTON

Irvington Grammar School Principal Gus Robertson anticipates a slight increase (to 385) in the number of pupils who will enroll on September 5. To accommodate the greater number who will start the junior first grade, Robertson has added a second section of that class.

Four new teachers will instruct at the school. They are: Domanic Mancuso, eighth grade and physical education; Esther Wettin, sixth grade and glee club; Mrs. Robert Zwissig, kindergarten; and Astrid Wettin, sixth and music.

ALVISO

With a new teacher to instruct the middle grades, the Alvizo Grammar School will reopen September 5. Principal James Nunes expects the enrollment to be about 92 this year, which will be an increase of 10 over last year's fall registration.

Viola Curley, the new teacher, will relieve Edith Wasley of part of her teaching load. Miss Curley will instruct the third, fourth and fifth grades and also girls' physical education.

Mrs. Wasley will teach the first and second grades, and Mr. Nunes will teach the sixth, seventh and eighth grades. According to Cafeteria Manager Irma Brown, the cafeteria will reopen on September 6.

CENTERVILLE

The Centerville Elementary School will register pupils for the kindergarten class from 9 a.m. to 12 noon today (Friday), while the school and cafeteria will reopen on September 5.

MITES TODAY FOR MRS. MARY SYLVIA

Final rites will be held in Niles today (Friday) for Mrs. Mary L. Sylvia, 77, one of Southern Alameda County's leading women in health, religious and welfare activities, who died here Wednesday.

A rosary was recited Thursday evening at the home of her daughter, Mrs. Marguerite Crane, where Mrs. Sylvia had made her home for the past several years.

A solemn high mass will be sung at Corpus Christi Church, Niles, at 9:30 a.m. Interment will be at St. Augustine's Cemetery, Pleasanton, under the direction of the Berge Mortuary Company of Niles.

Mrs. Sylvia was one of the founders of the Del Valle, children's tuberculosis preventative institution at Livermore and was a charter member of the San Francisco Council of the National Council of Catholic Women, serving on the first board of directors. She organized the Alameda County Council of N.C.C.W.

She was a member of the UOAD Circle, the Neighbors of Woodcraft and St. Monica's Guild at St. Augustine's Church in Pleasanton, De Guadalupe Institute, Y.L.I., Niles, and was a past president of the San Francisco Council of SPRSI.

She was a native of the Azore Islands but came to this country as a small child.

In addition to the daughter here, she is survived by another daughter, Mrs. Isabelle Rice of Oakland; a grandson, William Wayne Rice, and two great-grandchildren.

PONSFORD & PRICE WILL DESIGN MEMORIAL ANNEX

Supervisor Chester E. Stanley informed the Register yesterday that the board of supervisors has employed the Oakland architectural firm, Ponsford & Price, to complete the designing of the \$60,000 annex to the Veterans Memorial building in Niles.

NEW OFFICER AT CENTERVILLE BANK

A. A. Cristofani of Sonoma this week assumed the duties of assistant cashier at the Centerville branch of the Bank of America. He succeeds Earl Freitas, who was transferred to Willow Glenn.

Mr. Cristofani has been with the Bank of America for the past fifteen years, serving at the McClelland, Dunsmuir, and Sonoma branches before his transfer here. His wife and two sons will remain at Sonoma until housing accommodations can be found here.

DRIVE FOR CHURCH MANSE LAUNCHED

A campaign to raise \$10,000 for the construction of a new manse for the Centerville Presbyterian Church has been launched by the church congregation.

Campaign Chairman Robert H. Keithart has announced that letters fully explaining the project and requesting contributions will be mailed throughout the township in the near future. The follow-up calls to receive the donations will be made the week of September 24 to October 1.

The members of the committees reported that they had learned that construction of a new manse would be more economical than attempting to remodel the old house, now being used by Student Pastor Howard Steward and his family.

Chairmen named to assist in the campaign are: James Logan, solicitation; Gerald Meekins, building; Mrs. Earl Macintosh, campaign kick-off dinner; Robert Keithart, finance; Gordon Morris, publicity; and Loren Marriott, building fund treasurer.
